Welcome to Indian River Assisted Living -

At Indian River Assisted Living our goal is to make our residents feel right at home. Part of that is making sure everyone is clear about the services we provide through our Resident Agreement and the required Disclosure Statement. Per state regulations we should provide the Disclosure Statement five (5) days in advance of planned admissions. During this time please feel free to give us a call and discuss any questions. We look forward to discussing our community with you and finding out how we can help.

Acknowledgment of Disclosure Statement:
